DR. S. S. GREENLEAF
Dr. Sherman S. Greenleaf; Bethel veterinarian and funeral director, died at Stephens Memorial Hospital, Norway, Wednesday morning.

He was born in Starks, Maine, March 8, 1893, the son of Zelzer E. and Lena Flu Greenleaf.

After having funeral homes in Madison and Skowhegan, he established the S. S. Greenleaf Funeral Home in Bethel in 1920. In 1932 he built a modern funeral home on Vernon Street and moved to that location. Since 1955, his son Eldon has been associated with him.

During his 35 years as a practicing veterinarian he became well known over western Maine and New Hampshire. In 1932, and again in 1939, Dr. Greenleaf was given charge of readying the sled dogs for the Byrd Antarctic Expeditions.

He was a member of the Bethel Lions Club (charter member); Oxford Bear Lodge, K. of P.; National Funeral Directors Association; Main Funeral Directors Association; and Associated Funeral Directors.

He is survived by his widow, Mabel Stevens Greenleaf; a daughter, Mrs. Arlene Brown of Bethel; three sons, Robert L. of Farmington, John S. and S. Eldon of Bethel; nine grandchildren; and two brothers, Howard L. and Everett O. of Starks.

Private funeral services will be held at the Greenleaf Funeral Home at 2 o'clock Saturday afternoon, the Rev. Richard Hamilton and Rev. Clifford Laws officiating. Bearers will be the following funeral directors: Wilbur Clay of Lincoln, Donald James of Phillipsburg, Arthur Blake Jr. of Mexico, Clayton Bane of Bethel, Evergreen Hawthorne of Dixfield, and Eldredge Steeves of Portland. Burial will be in Woodland Cemetery.

Friends may call at the funeral home Thursday and Friday, 2 to 4, and 7 to 9 p. m.

ANNUAL CHRISTMAS SEAL CAMPAIGN STARTING

The traditional annual Christmas Seal campaign opened this week with the mailing of more than 5,100 letters with Christmas Seals to residents of Oxford County. It was reported by Dr. Brinton T. Darlington, Augusta, president of the Maine Tuberculosis and Health Association.

"For a period of more than a month, many volunteer workers have been assisting staff to prepare the letters which it is hoped will provide the funds necessary to continue effectively the association's program of TB control and the prevention of other respiratory diseases," the association president said.

In a letter recently sent to volunteer workers throughout the state, Dr. Darlington said, "over nine million lives have been saved since the first Christmas Seal was sold, but nowadays the saving of lives is not enough. We must see to it that every person and family is spared the suffering and tragedy of tuberculosis and that the other respiratory diseases are controlled."

Planning Board Offers Appeal Method of Mobile Home Control

At the 1962 Town Meeting the final article in the Town Warrant was a provision against permitting trailers or mobile homes in certain areas of the town. This article was passed over after involved discussion developed and the lateness of the hour indicated no immediate action could be taken.

At a recent meeting of the Planning Board responsible for recommending zoning requirements for the town, it was thought that possibly there was a feeling that the entire area of the built-up section of the town corresponding to the former village area should be restricted, permitting individual requests for trailers in the "village" to be handled by appeals to the Board of Appeals where permission is granted if adjoining neighbors do not have objections.

It was agreed to bring such a proposal up for action at the next annual Town Meeting, providing that public opinion indicated this desirable. A committee of three was appointed to publicize this thinking and encourage comments and suggestions in advance of the public hearing that will have to be held shortly prior to the Town Meeting. Such comments and suggestions should be made through the pages of the Bethel Citizen or by letter to Mrs. Ruth Carver Ames, of the Planning Board.

Christmas Seal campaign must do more than maintain our present activities against TB and other respiratory diseases. We must expand our efforts to help ex-TB patients get back on their feet and stay there; extend our education program so that people will learn how to protect themselves against TB and other respiratory diseases.

"We must put more money into medical research and education to provide needed medical knowledge and services to patients, and we must continue our energetic leadership in general health promotion," he concluded.

Volunteers in the county are:

Bethel: Mrs. Dana Brooks; Buckfield, Mrs. A. B. Hutchinson; Canton, J. H. Pulsifer; Greenwood, Mrs. Colista Morgan; Hanover, Mrs. Daisie B. Warren; Hebron, Mrs. Marion O. Davis; Lovell, Mrs. Marcus Stearns; Mexico, Nelida Argonaut; Norway, Mrs. Albert J. Stearns; Peru, Mrs. Alice Knox; Rumford, Mrs. Bernhard Mayer; Charles R. Hagan, William H. Krasko, Edward L. The annual meeting of the Community Club was held with Mrs. John Richardson on Nov. 6 with Mrs. Millard Hiltz as co-hostess. Eleven of the 16 members attended. Mrs. Lester Farrington, treasurer, read the annual report stating that the Club had taken in \$101.74 and paid out \$95.53 during the past year. Mrs. Robert B. Swain, Secretary, read the annual report.

Mrs. Sidney Jones, East Andover Sunday School Superintendent, stated that there will be a food sale in Rumford on Friday, Nov. 16. Voted to have the children draw names for exchange of Christmas gifts on Dec. 2 and to bring the gifts to the Sunday School services on Dec. 9 and the annual Christmas program and tree would be held on Dec. 16.

Mrs. Robert B. Swain has purchased a new table for the Sunday School room.

Squares for the quilt were brought to this meeting. Mrs. Linwood Tucker will have the top ready for completion after the holidays.

Dues were paid at this meeting for the coming year. Mrs. Millard Hiltz won the mystery package. The December meeting will be held on Dec. 11.

Mrs. Robert B. Swain and Mrs. William Simmons Jr. will be co-hostesses at the Swain home. Mystery sisters will be revealed at that time and new names drawn. Hostess list will also be compiled.

One birthday was honored. Mrs. Hiltz. Games were played and refreshments served by the hostesses.

The Andover School Board members, Roger Mills, Jr., chairman; Colby Roberts and Mrs. Robert J. Swain met at the high school building on Nov. 6 after school with the Supt. Harvey McGuire. Discussed the salaries of the bus drivers. Several votes were made by the members. Voted to go along with the state in procedures in case of an air raid. Voted that the substitutes' pay would be \$12.00 instead of \$10.00. A substitute in sub-primary room would be \$10.00 for the half day. Voted to have a substitute in the high school building if a regular teacher was to be gone for more than an hour. If a qualified teacher was not available an adult would be asked to come into that room and supervise a study period. Voted not to follow schedule on salaries at present. Voted to repair swings at the Elm Street School as needed. Voted to put a C into the present ranking system making a scale of 10 instead of 15. The following ranking system will be used after mid year: A, 90 to 100; B, 80 to 89; C, 70 to 79; and below 70, failing.

Dr. and Mrs. George Ellis and family returned to their home in Wellesley, Mass., after being called here by the death of her father, Sylvanus Poor. Mrs. Poor returned with her daughter to spend the winter.

Otto Vogt and son, Richard, of Bronx, N. Y., are visiting with Mrs. Ida Reisse at South Andover.

Mrs. Fernand Favreau, Mrs. Armand Michaud, Mrs. Keith Hodson, Mrs. Donald French, Mrs. George Meissner, Mrs. Waldo Peaslee, Mrs. Eva Hutchins, Mrs. Warren Percival, Mrs. Harold Falkenham and Mrs. Maurice Richards attended a dinner in Rumford and then

continued on to the Style Show held at the Municipal Building. These ladies helped on the Andover Booth at the Hospital Fair.

Mrs. Wanita White and Miss Gail Learned, students at A. S. T. C. in Presque Isle, spent the week end at their homes in town.

Rodney and Debbie Bradford are confined at home with the chicken pox.

The Andover post office is having a complete new interior face-lifting.

Ellis Glen Temple observed guest officers night at the Town Hall Nov. 1. Thirty-one attended including four Temples, Ozallie, Evergreen, Mishemokwa and Ellis Glen. Guest officers came from Bryant Pond, Hanover and Mexico.

SUNDAY RIVER

Mrs. R. M. Fleet, Cor.

Mr. and Mrs. Julian Howard of Goose Rock were week end callers of her sister and husband, the Earl Williams.

Mr. and Mrs. Raymond Foster are visiting friends and relatives in New York.

Stan Morgan of Bryant Pond, Albert Ring of Burlington, Vt., spent the week with Carroll Yates in Ketchum, hunting.

Mr. and Mrs. Harris Plummer of Gorham, Maine, called on her sister and family, the R. M. Fleets, Saturday.

A very interesting letter from Mrs. Eva Yates tells of her visit to Miami's beautiful Parrot-Jungle and how many birds not all parrots, were trained to do things to entertain the visitors.

Ivan Elger of Berlin, N. H.,

called on David Fleet, Friday. Red Noyes has returned home without any game luck.

Mrs. Mary Morin has her uncle and brother with her a few days hunting.

To the many friends of Miss Gladys Gilman comes the news of her marriage to Edwin J. Parker on Saturday, Nov. 3, at three o'clock in the afternoon at St. Mary's Church in Melrose, Mass. We wish her much happiness.

TOTE GOTE

AMERICA'S NO. 1 TRAIL CYCLE

Ride into "big buck" country and bring back your deer with ease. Designed for off highway travel, the lightweight "GOTE" is the first machine of its kind. Geared low, it will carry a hunter and his deer up 45° grades with the "Climb-away" transmission shifting automatically upon need. A frame of high test steel will take the knocks and bumps without damage. The compact Tote Gote will fit into a car trunk for travel to and from the hunting areas.

WHAT IS 4-H?

4-H in Bethel and elsewhere has had a very good start this year. Many children and teenagers are taking an effective part in learning facts on many subjects that ordinarily would not be of interest to them until they were at least out of high school. They are converting their minds into something very useful not only in school, but also out o' school.

4-Hers are part of this country's future. Their knowledge of what they acquire now, at an early age, will help in a way, to pick one of the two roads to progress. Picture in your mind one road which has been trampled and of which the gate has been open many times, and another that has hardly a few footprints in it. The gate at the beginning of this road is reserved for the harder working and the ones that want to prosper in our growing America. 4-H members strive to pass through the latter gate.

To list all of the clubs in just the state of Maine, would be a difficult task for anyone. The clubs have so many subjects that members take some time in picking one or more that they like. Some of the many are: Cooking, Home Improvement, Sewing, Electricity, Dairy, Woodworking and Art. Many scholarships can be won if you are outstanding.

Although 4-H has a different meaning to each member, I think they will agree with me that it is a rewarding experience. All of us pledge our heads to clearer thinking, hearts to greater loyalty, hands to larger service, health to better living, for our club, community and country. It has been my privilege as a Junior Leader to assist and help the young and deserving ones. We must also give our thanks to the leaders and parents for their patience and helpfulness which helps make a good club. Encourage your child to join a 4-H Club around your neighborhood when enrollment comes next year or better yet why not start a club of your own. If you do, call VA 4-2061, and leave your name and address. I can send it to the county agent. Believe me, it will be a rewarding experience.

Respectfully,
A 4-H Member

Adults:

"The Commissioner," by
Richard Dougherty. The Com-
missioner is far more than a
spectacular view of big city
police; it is a compassionate
and often humorous view of the
strengths and frailties of con-
temporary New Yorkers.

"Consider Miss Lily," by
Alyene Porter. "The theater is
a cathedral of the spirit," said
Miss Lily in her fatal interview
with Papa, and so convinced
him that like the church, the
theater was deeply concerned
with good and evil, truth and
the triumphant spirit of man.

"A Bridge for Passing," by
Pearl S. Buck. A beloved nov-
elist tells the moving story of
her hour of trial when, bereft
of her husband, she had to find
her way in life alone.

"The Decline of Pleasure," by
Walter Kerr. Walter Kerr
writes about the pleasures of
life and of art in a way that
makes them palpable. His book
is an invitation to experience
them.

"The Reivers," by Wm.

warm and living story of a
man's growth from childhood,
on through mistakes and suf-
fering, love and friendship. Set
in upper New York state, the
story is rich in people as it
is in plot.

"A Simple Honorable Man,"
by Conrad Richter. This story
of a storekeeper turned min-
ister, is a fictional record of a
life spent in the service of oth-
ers. A novel rock-based in val-

tight and leathery on the sweet
corn; onion skins have been
much thicker than usual. Wooly
caterpillars are ominously
gaunt and lean looking. But the
best and most reliable sign is
the way squirrels have been
carrying their tails. If a squirrel's
tail floats out rearward, it means
an easy winter; if the tail is straight
up and down it foretells an average season;
if the tail is carried far over
the back pointing in the direction
in which the squirrel is travel-
ing, it means an old-fash-
ioned winter.

Perhaps you have noted the
situation. Squirrels' tails have

been almost touching their
heads. It behooves every house-
holder to lay in a barrel of
flour, a 100 pound bag of sugar
and a gallon jug of molasses.
Make certain the woodshed is
heaped with dry wood and
that the barn scaffolds are filled
with fodder. We also recom-
mend a new set or two of
extra heavy long ones for per-
sonal insulation over the
months ahead.

HEALTH AND SAFETY TIPS FROM THE AMA

Diabetes Detection Week:

In some people the body cannot make full use of some of the foods we eat, mainly the carbohydrates, or sugars and starches, because the pancreas, a large gland lying behind the stomach, does not make available enough insulin to turn these foods into energy or to store them for future use. When this happens you generally have diabetes.

The sugars increase the blood sugar content until they pass through the kidneys and into the urine.

It is estimated that there are 1,600,000 known diabetics in the United States, plus perhaps as many more who have diabetes and don't know what's wrong.

The most usual symptoms

are—increase in thirst—constant hunger—frequent urination—loss of weight—easy tiring—changes in vision—slow healing of cuts and scratches. Most likely prospects for diabetes are those overweight, over 40 years, relatives of known diabetics and older women.

Diabetes cannot be cured but

it can be controlled and most of the known diabetics lead virtually normal lives. Control is achieved by careful diet, exercise and, in many cases, insulin or newer oral anti-diabetic drugs. In diabetics the pancreas does not make enough insulin and therefore insulin is injected to overcome this deficiency. Some patients can control mild diabetes with oral tablets.

Diabetes can be controlled only if it is detected. To this end, the week of Nov. 11-17 has been proclaimed as Diabetes Detection Week in the United States.

Suppose you have some or all of the symptoms? Or suppose you have no symptoms at all? You still could have diabetes. What can you do to find out? It's simple. Visit your physician and ask him to examine you. In many communities special detection programs will be conducted during the national week.

SMALL WOODLAND OWNERS AERIAL SPRAY FOR PROFIT

During the past two summers small woodland owners in Oxford County have taken to aerial spraying of herbicides to reduce low-quality hardwoods overtaking white pine and other desirable softwoods. They have been aided by the service foresters of the Maine Forest Rehabilitation Program. This state-federal program will pay 80% of the costs of spraying.

What are the benefits of aerial spraying? Land which has burned or been cut excessively in Oxford County will often seed to desirable softwoods. Some of these lands, however, soon develop excessive sprouting of non-merchantable hardwoods such as grey birch and poplar. By killing back these competing hardwoods, the softwood species, such as pine, spruce, hemlock, etc., can increase the height growth and stay ahead of hardwoods in the future. Thus a woodlot which was destined to become wasteland is returned to the production of a valuable forest crop.

The spray material consists of 2-4-5-T in oil which is a herbicide. It is not poisonous to animals or wildlife, but instead is a growth hormone which causes the tree to grow itself to death. The spraying is done in August after the softwoods have developed a callous tissue on the new growth so the herbicide will not "burn" them.

Costs are inexpensive for the amount of work accomplished in such a short time. The spraying is contracted by the Maine Forest Service who supervises the spraying of 3000 acres each summer. The price in recent years has averaged \$5.50 per acre. The state will assist landowners signed up under the program which reduces costs to \$1.10 per acre. This is an inexpensive way to weed your forest garden!

During the Fall your local service forester Dave Clement is looking over land to be sprayed in 1963. If you have some land you want the service forester to examine he can be reached by writing to RFD 1, South Paris, or by calling 743-6900.

Your service forester is available free-of-charge to answer any questions you may have about your woodland. An employee of the state, he works only on private woodland applying good forest management practices to help small woodland owners derive more income from their investment.
